THIS IS A QUICK REFERENCE GUIDE. FOR COMPLETE KIT DETAILS SEE ACTUAL APPLICATION PAGES.

Bumper Brackets

- x = Included
- blank = Not Included
- Part # = Not Included but available separately
- * For quick reference only. For complete kit information look in application listing.

Notes

1. Will not fit vehicles with a diesel motor.
2. Will not fit heavy duty model.
3. Rear bumper brackets are for appearance only. The rear bumper cannot be used for towing after installation.
4. Fits standard cab, extended cab, crew cab, long box and short box.
5. Manuals require shifter extension kit # F9802 (Mazda transmissions only)
6. Vehicles equipped with Vortec V6 may require modification of air intake.
7. 1994 model requires additional part #C9807
8. Manual transmission models require shifter extension # C9806
9. Will not work with lifted suspension systems that relocate rack and pinion steering system.
10. Will not fit regular cab long box configuration.
11. Will not fit applications with manual transfer case shifter.
12. Will not fit 07 Classic model.
13. Will not fit Denali models.
14. For automatic transmission models only.
15. Trimming of front bumper plastic valence or frame required for front bumper relocation.
16. 2008-12 models require rear bumper bracket kit C9906, and 2004-07 models require C9902.
17. Fit both 2 and 4 door models.
18. Manual transmission models will require shifter boot and floorboard modification to ensure full shifter engagement.
19. Not recommended for 2011 or newer models with manual transmissions and new style interior due to shifter and floorboard modification required.
20. Will not fit 07-13 models.
21. Will work on 3.0L diesel equipped trucks.
22. Will not fit Mega-Cab models.
23. Some long bed configurations may require additional mounting hardware
24. Goose neck hitches may require an extended length ball. Not recommended for use on vehicles equipped with fifth wheel hitches.
